WHEN YOU WRITE A STORY

Tips for Choosing a Topic:

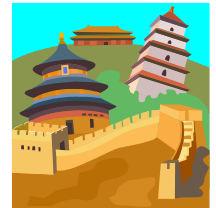

- ✓ Whom do you see as the audience of your story?

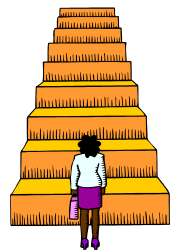

- ✓ What is the purpose of your story: to make someone laugh? To provide information? To make them cry? To persuade?

- ✓ Have you been in a remarkable place lately? Use this place as the setting of your story.

- ✓ What challenges have you recently faced or hope to face? Base your story on one of these challenges.

- ✓ Who is the most interesting person you know? What problems or challenges does this person face? Could this person be the basis for a character in a story?
